He refers to the entire Western and outhern country to bear him testimony to the truth of he assertion, that in no case whatever will it fail to cure f the directions are strictly followed and carried out. SARSAPARILLA

Read the following extract of a letter from Mrs. Rivers eife of Rev. Dr. Rivers, one of the most learned, eloquent, and popular Ministers of the Methodist Episcopal Church, and who is at present stationed at Broadway Church, Louis

LOUISVILLE, KY., Oct. 8, 1809 Dr. John Bull-Dear Sir: Many thanks to you for the nedicine you have so kindly given me. I have been a rest sufferer for years, and had the advice of various physicians. Some prenounced my spine, some my lungs, and some my heart to be the seat of my disease. I have been burnt, blistered and cupped until I had become disheartened. Several very eminent physicians who examined my spine, informed me that I was threatened with paralysis or apoplexy any day, and that nothing but a seton would relieve me. I had a perfect horror of that, and was hesitating about having one inserted, when you kindly sent me your Sarssparilla, which I immediately begun to take three times a day. I had suffered terribly with a most scute pain in the right side of my head, especially when I would read or write for any length of time, and on rising to my feet I would be perfectly blind for several minutes, and would have to hold to something

to prevent falling. I am most happy to inform you that the pain in my head is entirely relieved; I suffer but seldom with my spine, and then not so acutely. My appetite is good; indeed for the first time in my life I enjoy my dinner more than any meal during the day.

You kindly sent me four bottles again last night, and I

Do not suffer yourself to be imposed on. Don't be drawn away after new and doubtful experiments. Don't E. & H. T. ANTHONY & CO., risk your health by letting novices experiment upon you with their trash. My Sarsaparilla has stood the test for twenty-five year

scrofulous affections. Always bear that in mind.

ANOTHER TESTIMONY. BENTON RABBACKS, MO., April 30, 1866. Dr. John Bull-Dear Sir: Knowing the efficacy of your Sarsaparilla, and the healing and beneficial qualities it ssesses, I send you the following statement of my case I was wounded about two years ago, was taken prisoner and confined for sixteen months. Being moved so often my wounds have not healed yet. I have not sat up a moment since I was wounded. I am shot through the hips My general health is impaired, and I need something to assist nature : I have more faith in your Sarsaparilla than anything else. I wish that which is genuine. Please ex
